MENTORING MATTERS!

Mentoring works. It can change a child's outlook, create a support network for struggling families and uplift entire communities.

BBBS is the premiere youth mentoring organization, creating life-changing mentoring relationships for NH and VT's at-risk youth. While our program is free to all who enroll, it costs on average of \$2,500 per year to support each match. Donated funds go towards the necessary work of recruiting mentors, interviewing, assessing and pairing matches, layered background checks, training, child safety check-ins and ongoing support of matches, as well as referrals for families in need of further services.

Thank you for helping us create and support one-to-one mentoring relationships that ignite the power and promise of youth!
