

**Big Brothers
Big Sisters®**
OF NEW HAMPSHIRE
AND VERMONT

NH GIVES MEDIA TOOL KIT

On June 9–10, people across New Hampshire will come together for 24 hours of giving, and Big Brothers Big Sisters is honored to be part of it. Every gift helps create something powerful: a consistent, caring mentor in a young person’s life.

JOIN US IN SUPPORT OF YOUTH LIKE BRIANNA

Brianna joined the BBBS program at age 11, while facing significant challenges, including her parents’ incarceration and struggles with addiction. Brianna’s life was transformed by her Big Sister, Sandy. With Sandy’s guidance, Brianna became the first in her family to not only graduate high school but go on to attend college. Today, she’s a rising college junior and BBBS youth ambassador, sharing her story even before Congress to advocate for mentorship.

For the next 24 hours, Granite Staters are coming together to support the nonprofits strengthening our communities, and we’re proud to support Big Brothers Big Sisters during NH Gives.

BBBS provides life-changing mentorship to local youth facing challenges like food insecurity, family instability, academic struggles, and social isolation. Their evidence-based mentoring programs help young people build confidence, improve decision-making skills, and create stronger futures.

Right now, children across New Hampshire and Vermont are waiting to be matched with a caring mentor. Your support helps make those connections possible.

Join us in supporting Big Brothers Big Sisters today through NH Gives and help create more life-changing mentorship opportunities for local youth.
